PROJECT

To-Do List

Jan '20 - Present

<https://github.com/shubhankarsharma876/HackThisFall2.0Project>

BENGALURU, KARNATAKA

- It is a productivity webpage. Made using HTML,CSS and JAVASCRIPT.
- It provides users an interface where the user can make their To-Do List. And a clock feature is also provided to the user where the user can monitor the time invested behind the task.
- Also the user can alter the list desirability of the list .
- This project was made during "HackThisFall2.0" as a solo participant.
